Guidelines for Management of HIV+ Pregnant Women Birthing in Washington State Hospitals:

Prenatal Checklist

June 2010

Obstetric Care Provider

1. ☐ Identifies HIV+ pregnant woman.
2. ☐ Offers/refers to HIV Case Management by contacting Washington State Ryan White Part D Network at 206-263-8389. The Network Director will locate an HIV case manager in client's area of residence.
3. ☐ For specific treatment guidelines for mother and infant, refers to "Screening and Management of Maternal HIV Infection: Implications for Mother and Infant" (Booklet is available [on-line](#) (Acrobat Reader) or refer to "United States Public Health Perinatal Guidelines" (www.aidsinfo.nih.gov.)
4. ☐ Considers obtaining consultation for mother and baby from HIV OB Specialist, Dr. Jane Hitti, or the perinatologist on call at University of Washington Medical Center by calling 1-800-326-5300.
5. ☐ Discusses management of pregnancy and birth options with client.
6. ☐ Offers client a referral to HIV OB Specialist at Maternal and Infant Care Clinic, University of Washington Medical Center, and if interested, helps client make an appointment by calling 206-598-4070.
7. ☐ Determines client's preferred delivery location:
 - ☐ Plans to deliver at University of Washington Medical Center and lives in Seattle area - **no need to use checklist below.**
 - ☐ Plans to deliver at University of Washington Medical Center and is living outside of Seattle area. Choose back-up hospital and use checklist below.
 - ☐ Plans on delivering at hospital other than University of Washington Medical Center; use checklist below.

If Delivering at Hospital Other Than University of Washington Medical Center, or Will Use Another Hospital as Back-Up Location, OB Care Provider

1. ☐ Notifies client that members of the healthcare team at the delivery hospital and University of Washington Medical Center will be aware of client's HIV+ status in order to prepare for the client's and newborn's special health care needs.
2. ☐ Ensures that the designated community contact (provider's nurse, medical assistant, HIV coordinator or Ryan White Part D case manager) coordinates with hospital contact (nursing supervisor, nurse manager, health educator, or social worker) to prepare for client's and newborn's health care needs.

This document was created by a multidisciplinary team from the Washington State Department of Health, Washington State Ryan White Part D Network, University of Washington School of Medicine, Seattle Children's Hospital, and Northwest Regional Perinatal Program.

Dear Colleague,

The Washington State Department of Health (DOH) provides print-ready files (PDFs) of health education materials. To ensure that the original quality of the piece is maintained, please read and follow the instructions below and the specifications included for professional printing.

- **Use the latest version.** DOH materials are developed using the most current information available, are checked for clinical accuracy, and are field tested with the intended audience to ensure they are clear and readable. DOH programs make periodic revisions to educational materials, so please check this web site to be sure you have the latest version. DOH assumes no responsibility for the use of this material or for any errors or omissions.
- **Do not alter.** We are providing this artwork with the understanding that it will be printed without alterations and copies will be free to the public. Do not edit the text or use illustrations or photographs for other purposes without first contacting us. Please do not alter or remove the DOH logo, publication number or revision date. If you want to use a part of this publication for other purposes, contact the Office of Health Promotion first.
- **For quality reproduction:** Low resolution PDF files are intended for black and white or color desktop printers. They work best if you are making only one or two copies. High resolution PDF files are intended for reproducing large quantities and are set up for use by professional offset print shops. The high resolution files also include detailed printing specifications. Please match them as closely as possible and insist on the best possible quality for all reproductions.

If you have questions, contact:
Office of Health Promotion
